

## Dermatology Patients – we need to hear from you!

- What are your experiences of the service?
- Are there any improvements we can make?
- Would you like other health services to be made available locally?

Please tell us by completing the short survey available from the reception and handing it to a member of staff.

You can also comment or complete the survey by calling the Engagement Team on 0151 247 7050 or emailing [communications@sefton.nhs.uk](mailto:communications@sefton.nhs.uk).

The information you provide will help your local NHS continue to provide and develop services that meet the needs of patients.

The final day for the completion of the survey is **Friday, 10 July**.

Thank you for your support!
