Re: Freedom of Information Request

Please find below the response to your recent Freedom of Information request regarding genetic service provision within NHS Southport and Formby CCG.

Request/[Response](#):

May you please kindly provide me with an up to date list of hospitals or sites within your CCG area who are commissioned to provide these specialist genetic services. For example, cardiology, neurology, cancer genetics etc. I have been surfing through your respective websites which were helpful. However, I just want to ensure that I do not miss any centre where these services might be incorporated within other specialties.
