Re: Freedom of Information Request

Please find below the response to your recent Freedom of Information request regarding adult community health services within NHS Southport and Formby CCG.

Request/**Response**:

Please could you let me know if you have plans to or will be tendering for any adult community health services over the next 5-years. Please include plans for physical and mental health services.

NHS Southport and Formby CCG are not planning to tender at this stage. Our general community health services for Southport and Formby are provided by Lancashire Care Community NHS Foundation Trust.

A four year contract commenced in 2017/18 with a one year option to extend. The contract is subject to on-going review and performance management in line with the NHS standard contract requirements.

Our mental health services are provided by Mersey Care Community NHS Foundation Trust. Again the contract is subject to on-going review and performance management in line with the NHS standard contract requirements with no plans to tender at this stage.

Our Improving Access to Psychological Therapies (IAPT) which is provided by Cheshire and Wirral Partnership NHS Foundation Trust contract ends in March 2020 therefore we will review this in year.
